**CLUB NEWS:** A recent issue of the Currency Club of Chester County featured an interesting article on the Salem Glass Company by Todd R. Sciore featuring copies of their currency lithographed by the American Bank note Company. Their Picnic will be held on August 18 and the Christmas party is scheduled for December 15<sup>th</sup>. Join this exciting club and get in on the fun. An interesting factoid reported by Editor Pam Stitely is that the first patent issued in 1790 went to Samuel Hopkins of Vermont for a new method of making pearl ash and pot ash. It was signed by George Washington and Thomas Jefferson.

**Editor's Notes:** As I report in the President's column, new officers are due for 2017-18. If you're interested nominate someone and let Dan Freeland know so we can vote on it. Your inaction will mean you're stuck with the current slate for another term. I got a great article from Frank Clark for this issue. It is all about French Canadian soldiers being sent to Siberia and the resulting chaos. A similar expedition was sent from the US and there is a monument to them in White Chapel Cemetery in Troy, Michigan. A Polar Bear statue is visible from I-75 as you drive South on that route. Frank talks about some military currency from that expedition, with illustrations.

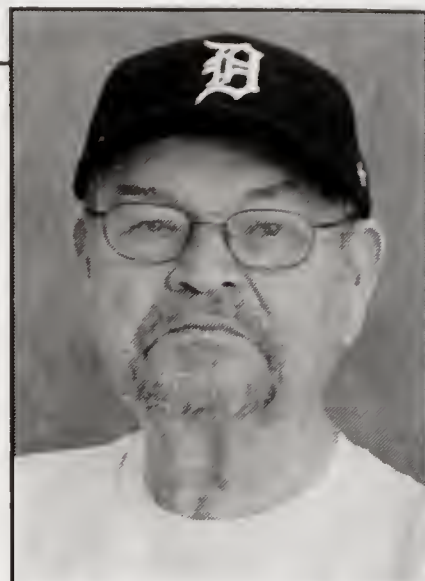

**OUR COVER:** This month's cover is an attractive \$5 Steamboat vignette on the State Bank of Michigan. This is an 1859 issue in red by the American Bank Note Company. This bank was involved in a merger in 1864 with the First National Bank of Detroit that was located at the NE corner of Jefferson and Griswald.. I was leafing through a 1969 Numismatic Scrapbook and saw these notes, there are 4 denominations of them to a sheet. The price was \$1.50 or \$5 for a sheet. Back in 1969 I could have afforded that!

## PRESIDENT'S COLUMN:

Last issue I goofed up and didn't include a page for you to send in with nominations for club officers. Actually it was a test to see who had the initiative to send in a nomination. Well, at any rate, send in a nomination and we'll vote next issue on whoever gets a nomination in by the time we send out a request to vote. I am also just back from the Memphis Show, which was held in Memphis for the last time. The show was started by PMCM member Mike Crabb and his friends at the Memphis Coin club. They ran it for 35 years before Lyn Knight took it over and did another 5 years. Next year it will be at Kansas City. As I learn more I will pass it on. I had a great time and was able to locate a 1981\* \$5 Minneapolis FRN that I've been seeking for a long time. Only 128,000 were printed and none have ever been seen at auction. Now if someone will sell me a 1988A\* \$5 on that district I will have all the blocks of the Modern \$5 FRN's. I still need 9 more from the 1928B, 1934 B, C and D series as well as the 1950\*. Mike Crabb pulled my chain in the elevator at Memphis when he asked me if I'd heard about the guy that bought a 50\* on Minneapolis for \$55. He had me going until he confessed to his subterfuge. I also picked up a Canadian \$10 1935 English issue for my Canadian set from Don Olmstead, a New Brunswick fair dealer.

Prices seem flat across the board for paper, so if you have something you really, really want, now might not be a bad time to pick it up. If I haven't mentioned it before, there is a great monthly show in Southfield, Michigan once a month. There is a lot of activity and Paper money as well as coins. Check it out.

## Even More Memories

By Bill Brandimore

I remember my first Memphis in 1986. I traveled down with Mart Delger, Dr. Wallace Lee, Larry Falater and a gentleman from Howell Michigan whose name escapes me. We drove to Martin's place in the Kalamazoo area, where we picked up Martin and another gentleman from Kalamazoo, napped a few hours and began the final leg to Memphis. We stopped at a Hen House for breakfast on the way and took turns driving 2 hour shifts. It was a long trip even from Kalamazoo, but we arrived safely around 6:00 PM, where we checked in at the hotel and hurried to the set up area. Wally and Larry were dealers who were admitted early and those of us with exhibits got in early as well, where we set up our exhibits and then got an early start shopping as the dealers set up. Then we ate a late supper and then to bed. Martin had a separate room as he was the director of the exhibits the remaining 5 of us crammed into two double beds and a rollaway cot. It was tight accommodations, but we saved a lot on gas and the hotel bill.

What a buffet it was. At that time the dealers didn't do as much communicating and we could cherry pick our specialties. Now they seem to seek out the specialists among themselves and sell off their wares wholesale. Thus it is a lot harder to cherry pick.

Over the year's I visited Mud Island and was amazed by the scale model of the Mississippi that must be a quarter of a mile long. I've been to a number of first class restaurants over the years and of course paid visit to Sun Records, Graceland and enjoyed a number of Exhibits that came to Memphis either at the Convention Center or the Pyramid building. The Pyramid is now a Bass Pro Shop and the Exhibits don't seem to come to Memphis now. But I enjoyed Russian, French, Chinese and Egyptian Exhibits that included such items as Terra Cotta soldiers from Emperor Chin's tomb, Josephine's jewelry, even currency from the safe on the Titanic. I hope the steaks in KC help make the transition pleasant.

## Canadian YMCA in Siberia

By Frank Clark #2104

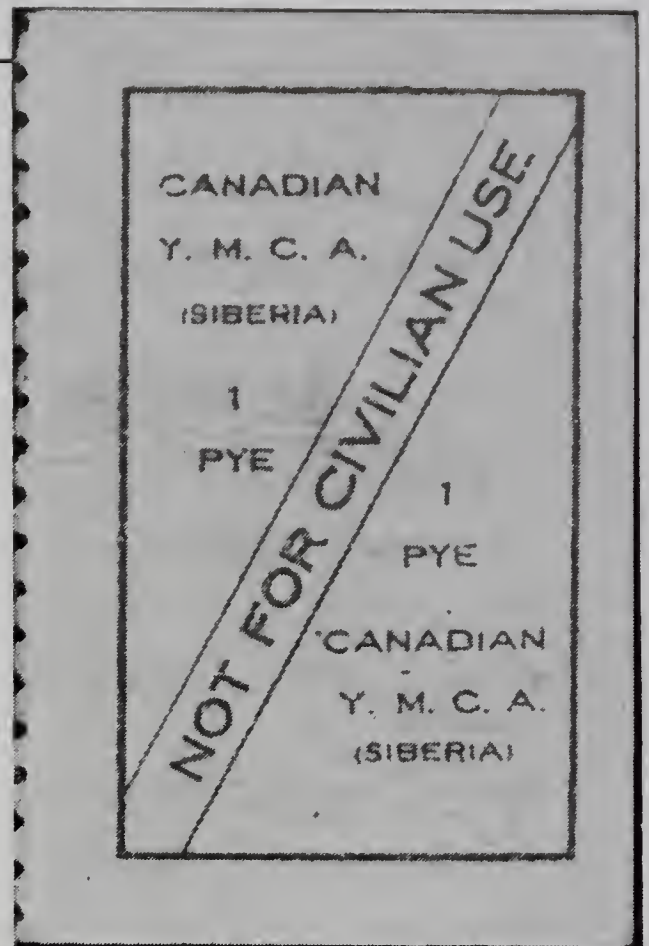

One of the most intriguing pieces to come through my office over the years at Heritage Auctions was this and another identical piece, except for their serial numbers. The pieces have a serial number at the top of the face followed by, "Good For One Rouble In Cash Or Stock At Any Branch Of The Canadian Y.M.C.A. (Siberia)." This was followed by a printed signature and three penned initials of "EUS." The back reads, "Canadian Y.M.C.A. (Siberia) 1 Pye Not For Civilian Use 1 Pye Canadian Y.M.C.A (Siberia)". This example has serial number 1197 and measures 22mm by 35mm. It is perforated along the right edge. It is printed in black ink with a muted red background on the face. The following is what I was able to learn about the circumstances concerning its issue.

Approximately 4200 Canadians, with most being French-Canadian conscripts from the province of Quebec, served in the Canadian Siberian Expeditionary Force (CSEF). They departed Victoria, British Columbia on December 21, 1918, but not before a mutinous rebellion by two companies of conscripts of the 259th Battalion while marching to the troop transports. The mutiny consisted of soldiers continuing to march when the

order was given to halt. At first officers fired their revolvers into the air, but this had no effect. The mutiny was eventually subdued by obedient soldiers who were mostly from the province of Ontario. They were ordered to remove their canvas belts and whip the mutineers into line. A dozen ringleaders of the mutiny would be put under arrest and their fates were not decided upon until the force arrived in Vladivostok. This set in motion the Canadian government's actions to bring the troops home almost as soon as they had landed in Russia. The sentences for the ringleaders would be eventually commuted by Major General James H. Elmsley, the commander-in-chief of the CSEF, prior to the forces evacuation back to Canada.

The Canadian troops would be stationed mostly in Vladivostok, also along the Trans-Siberian Railroad, and only about 100 of the troops at the city of Omsk, which is in southwestern Siberia. Few of the Canadians saw actual combat. The YMCA for several allied nations at this time was concerned with military morale. The Canadian YMCA in Siberia operated among other things, canteens, movie theaters, church services, boxing matches, two different brigade newspapers, and an eight team hockey league. The pictured chit may have been used for one or more of these activities. All of the Canadians, except for the nineteen who died

in Russia, were transported back home by June 1919. Of the nineteen, sixteen died of illness, two from accidents, and one soldier committed suicide. The quick exit from Siberia was due mostly to low morale that got lower as time went on due to a variety of factors that included criticism at home as the operation was originally "sold" to the people of Canada as a way to increase business and trade opportunities with Russia once the Bolshevik revolution had been defeated. The Royal Bank of Canada even opened a branch in Vladivostok with three employees. However, the 57 ton prefabricated bank building that was shipped there was never used. In fact, the bank closed in October 1919 when the last British troops were withdrawn from the area.

This small chit was originally found in a large bag of nondescript world notes. You never know what may turn up. I certainly enjoyed learning about this little known side show of the Allied intervention in the chaotic Russian Civil War.

With the \$30 application fee you will receive two books along with one year's membership. The first is The Encyclopedia of Fractional Currency by Milton Friedberg. It is the definitive explanation of all Fractional Currency notes and the various Specimen, Proof and Experimental issues. Well illustrated, it will tell you perhaps more than you want to know.

The second book is called the Simplified Encyclopedia. As the name implies it is a more compact book dealing with less arcane issues. This is a good place to start if you are a beginner, with the regular Encyclopedia as a great reference to delve into for more information.

The FCCB meets every June at the Memphis Paper money show. Members also get together informally at the FUN Show in Florida.

The FCCB is composed of dedicated members who enjoy sharing their knowledge. Join us and join the fun of Fractional Currency!
